Call for Technical Papers

The Venezuelan Association of Geodesic Engineers (ASOVIG) and the International Association of Geodesy (IAG) invites you to submit a technical paper for the Geodesy and Cartography International Congress - Caracas 2002, to be held in Caracas, Venezuela, March 18-22, 2002.

As a complementary activity of the scientific program, a technological exhibition will be held simultaneously to the main event: Expo-Geodesy 2002, with the presence of national and international engineering, services and consulting companies, as well as universities and other educational institutes in the area of Geodesy, Cartography, Photogrammetry, Remote Sensing and Geographical Information Systems, an unique opportunity of offering leading-edge technologies to the assistants and visitors.

Meeting Format
The Congress will consist mainly of technical sessions presented as oral presentations and poster formats. It will also have introductory or masterful speeches in each technical session, offered by distinguished speakers from the geoscience world.

TOPICS
The event program will be mainly oriented towards education, investigation and application in areas such as Geodesy, Cartography, Photogrammetry, Remote Sensing, Cadastre, Geographical Information Systems (GIS), Geodynamic, Gravimetry, Engineering Measurements, Marine Geodesy, as well.

Acceptance of papers will favor the presentation of case studies in which the integration of disciplines and technologies played a significant role for the final success of the project.

Technical Works
1. Authors interested in presenting papers or posters during the congress, must submit an abstract which will be not longer than 300 words, in English and Spanish, describing the main purpose and the most important aspects of the work, and submit it to the following electronic address: mhoyer@luz.ve (attention: Melvin Hoyer) or congreca@ven.net (attention: Technical Committee of the Geodesy & Cartography International Congress, Caracas 2002 - Venezuela).
2. The deadline for receiving abstracts is September 28th, 2001.
3. Authors will be notified of the Technical Committee’s decision as to acceptance before October 19th, 2001.
4. Final Work: Upon acceptance by the Technical Committee, the author(s) will prepare the final version, with a minimum of six (6) and a maximum of ten (10) pages long, letter size (8½” x 11”), including figures and references. The Technical Committee will send the electronic format of presentation to authors whose works have been accepted.
5. There will be no acceptance of papers other than in electronic format.
6. Identification: all papers will include: title, full name(s) and resume of the (those) presenter(s), company, complete address, telephone number, fax, e-mail.
8. The memoirs of the event will be published in CD-ROM format. We hereby notify that the final papers will not be edited; therefore each author must be responsible for the content of his/her material.
9. Oral presentation or poster: When registering a work, author(s) will manifest a presentation preference, in oral form or poster, corresponding to the Technical Committee the final decision in this respect.

How to send mailing
Abstracts as well as final papers shall be submitted in electronic form, or alternatively in digital format in a 3 ½”, zip disk or CD (see postal address at the end). Please include the pertinent data to the authors that allow to contact them for the final answer about acceptance of their work.

Additional Information
Additional information can be sent to the following address:
CONGRECA, C.A / CONGREX VENEZUELA
P.O.BOX 17422, Caracas 1015-A–VENEZUELA
Av. Blandin, Centro Comercial Mata de Coco,
Piso 3, Ofic. Oeste, La Castellana
Caracas 1060, Venezuela
Ph: +58 212 263.97.33 (Master)
Attention: Yamil Malave
